massage

Swedish Massage

Uses long, smooth strokes, kneading and other movements focused on superficial layers of muscle using massage oil or lotion. Improves circulation by bringing oxygen and other nutrients to body tissues. Relieves muscle tension and pain, increases flexibility and mobility, and helps clear lactic acid and other toxins, which reduces pain and stiffness in muscles and joints. - 30 min \$40.00/ 55min \$75.00

Deep Tissue Massage

Focuses on realigning deeper layers of muscles and connective tissue. It is especially helpful for chronically tense and contracted areas such as stiff necks, low back tightness, and sore shoulders. The movements are slower and the pressure is deeper concentrating on areas of tension and pain. - 55 min \$90.00

Hot Stone Treatment

Heated stones placed on various points of the body warm and relax the muscles, which allows the therapist to apply deeper pressure, if desired. The warmth of the hot stones improves circulation and calms the nervous system while the massage increases range of motion, reduce stress and relieves nerve and muscle pain. - 55 min \$95.00

Chair Massage: 15 min - \$20; 20 min - \$25; 25 min - \$30
